

**A JOINT
MEETING**

Presented by:

**The Institute of Marine
Engineering, Science
and Technology**

www.imarest.org

Liquefied Gas – Marine Supply Chain Options

An Evening Lecture

Monday 4th October 2021 at 17:30 for 18:15

On board HQS WELLINGTON

(with an option to attend via Video Conference)

Speaker: Keith Hutchinson CEng CMarEng FRINA FIMarEST FSNAME – **Senior Consultant, Safinah Group**

Keith Hutchinson has 35 years' experience as a ship designer and naval architect. Drawing on over two decades of responsibility for the development of robust and safe floating liquefied gas production and reception assets and also innovative gas carriers, this presentation will consider the growing transshipment by sea of LPG and LNG, and imminently LH₂ etc., together with the demand for floating assets at either end of this marine supply chain.

Please use this link to register for the video conference: <https://www.hcmm.org.uk/events.html>

Non-HCMM members should create a guest account, which will remain for future meetings.

Please check spam / "promotions" folders for the subsequent email.

However, we would be delighted to see you on board - the Wardroom bar will be open before and after...

HQS WELLINGTON (020 7836 8179) is berthed at Victoria Embankment, near Temple tube.

Please circulate this notice.

For any issues with registration, or accessing the video conference, please contact Kyle James on 07538 782573, or eom@hcmm.org.uk
